## American Red Cross Preparedness & Training Course Catalog

As the leader in health and safety training for nearly 100 years, the American Red Cross is today's premier provider of first aid, CPR/AED, water safety, swimming lessons, caregiving training, babysitter's training and other health and safety education programs. Developed in conjunction with medical and aquatics experts, each program delivers the latest information and lifesaving techniques.

### ***In Every City, In Every Community, the Red Cross is There Because You Are***

The American Red Cross provides relief to victims of disasters at home and abroad, collects and distributes nearly half of the nation's blood supply, teaches lifesaving skills, and supports military members and families. The American Red Cross, a charity and not a government agency, depends on voluntary contributions of time, money and blood to perform its humanitarian mission.

**American Red Cross training such as CPR and first aid helps everyday people save lives. Through your participation in our health and safety programs, you enable the American Red Cross to provide lifesaving programs and services within our community. We truly value your support!**

### ***Attention Businesses:***

We offer American Red Cross training on site, or you can send select employees to attend "train-the-trainer" courses, preparing them to provide first aid and CPR/AED training to other staff members. Red Cross workplace safety training is the complete emergency preparedness solution that's smart for your employees and your bottom line. In fact, studies cited by the Occupational Health and Safety Administration (OSHA) show a \$4 to \$6 return for every dollar invested in health and safety training,

with improvements in the costs associated with absenteeism, Workers' Compensation claims and productivity. With comprehensive, flexible programs, Red Cross training helps employees stay prepared for virtually any life-threatening situation and meets OSHA First Aid Guidelines.

## Choose from Comprehensive Programs Created to Fit a Variety of Needs

American Red Cross training programs are designed to give you the confidence to respond in an emergency situation with skills that can save a life.

We offer training and volunteer opportunities for all ages. Whether you work with children, want training for a new or existing job, are a professional rescuer or simply want to know how to help someone in an emergency, we can help you build the skills you need. Use the chart below as your guide:

## **Blended Learning**

Blended Learning is a convenient way for students to learn first aid, adult CPR and automated external defibrillation (AED) training. The first portion of the training is completed online at the student's convenience. For the second part of the training, a Red Cross instructor conducts a skills session where participants' skills are practiced and assessed in a classroom setting.

**Trained. Empowered. Prepared.**  
[www.redcrosslv.org](http://www.redcrosslv.org)

Register for **both** the online portion and the actual skills session in a classroom setting. You will receive an e-mail confirmation of your registration. If the e-mail does not arrive within 24 hours, please contact Preparedness & Training at 610-865-4400, ext. 247 during business hours to confirm your registration.

The e-mail confirmation will include a username, password and link to the online portion. When you login, you may change your password. After completing the online portion, you need to print out the completion certificate. **You must bring this certificate to your scheduled skills session as proof of completing the online portion.**

Once you pass your skills session with your instructor, you will receive a certification card for you entire class.

**For more information, please call Preparedness & Training at 610-865-4400, ext. 247 or e-mail us at [GLVPT@usa.redcross.org](mailto:GLVPT@usa.redcross.org).**

## General Information:

### What form of payment can I make?

Payment must be made at the time of registration to secure a space in a class. The American Red Cross of the Greater Lehigh Valley accepts MasterCard, VISA and AMEX, checks and money orders. For your protection, please do not mail cash for payment. We cannot bill for a registration.

### Will I receive a confirmation – and can I get a receipt?

You will receive a confirmation and receipt by mail once your registration and payment are processed. Remember to verify the date and time of your training session as it appears on your confirmation. Please bring confirmation to class as proof of registration.

### Can I take a class if I have a medical condition or a special educational need?

We will work with you to accommodate medical conditions or disabilities as much as possible, although certification requirements vary among classes. For more information, or to prearrange a class, call the Preparedness & Training Department at (610) 865-4400, ext. 247 or e-mail [GLVPT@usa.redcross.org](mailto:GLVPT@usa.redcross.org).

### How actively must I participate in class?

You'll learn more—and have more fun—by participating as much as possible. Most classes include videos, group discussions and skills practice that require you to participate in hands-on activities. Since some of the skills practice takes place on the floor, please wear comfortable, non-restrictive clothing.

To receive certification, you must attend all class sessions and pass both skills and written testing.

### What if I'm late to class?

Since the core of most programs is taught at the beginning of class, you won't want to miss a minute of class time. In order to maximize training time, session starting times are firm. Late arrivals are admitted at the discretion of the instructor, but tardiness may affect certification. If you arrive too late or miss a scheduled class, a re-registration fee may be assessed to register for another class.

### Can I transfer to another class? If so, is there a cost?

Yes, you can transfer to another class. There is a transfer fee depending on how quickly you notify us of the transfer.

If you need to transfer to another class, let us know in writing, at least 5 business days in advance. You can send this via e-mail to [GLVPT@usa.redcross.org](mailto:GLVPT@usa.redcross.org) or by post to 2200 Avenue A, Bethlehem, PA 18017. We will make every effort to accommodate your request, but transfers may not be honored if received in less than 5 business days. Here's a breakdown of the fees:

Written request received 5+ business days from start of class	<ul style="list-style-type: none"><li>• \$15 transfer fee for basic classes;</li><li>• \$50 transfer fee for instructor and Lifeguarding courses.</li></ul>
Written request received less than 5 business days	Transfer fee equal to 50% of original registration fee.
Do not show up for class or miss 1 or more sessions of multi-day class	Must register for a new class at full registration fee.

**NOTE:** The American Red Cross assumes no responsibility for arranging makeup classes or issuing refunds for classes missed as a result of illness, emergency or other events beyond our control.

**What do I do if I need to cancel my registration? Can I get a refund?**

If you need to cancel your registration, let us know in writing, at least 5 business days in advance so we may fill your space. You can send this via e-mail to [GLVPT@usa.redcross.org](mailto:GLVPT@usa.redcross.org) or by post to 2200 Avenue A, Bethlehem, PA 18017. We will make every effort to accommodate your request, but refunds may not be honored if received less than 5 business days.

Written request received 5+ business days from start of class	Eligible for refund of registration fee <i>minus</i> \$15 fee for basic classes; \$50 fee for Instructor and Lifeguarding courses.
Written request received less than 5 business days	Refund equal to 50% of original registration fee.
Do not show up for class or miss 1 or more sessions of multi-day class	Not eligible for refund.

**NOTE:** The American Red Cross assumes no responsibility for arranging makeup classes or issuing refunds for classes missed as a result of illness, emergency or other events beyond our control.

**Why do I need to take a pre-test and what happens if I am not successful?**

Pre-tests are established to ensure a minimum level of knowledge and/or skill that is necessary for the course.

***Participants who do not successfully complete a pre-test (for all Lifeguard Training and Instructor classes), are eligible for a refund of the class fee minus \$50.***

**Can lost certificates be replaced?**

We can send you replacement certificates for any courses taught through the American Red Cross of the Greater Lehigh Valley Chapter as long as your certification is still valid. Simply provide the course name, location and completion dates when making your request. A \$6.00 processing fee will be assessed for each replacement certificate request.

**How can I check if my class is running?**

In case of inclement weather or other cancellation, please call 610-865-4400 and press ext. 349 from your touch-tone phone. This message is available Monday through Friday after 3:30pm and weekends after 7am.

**What do I need for class?**

Textbooks and all class-related materials are included in the price of the course (unless otherwise noted) and will be distributed at the start of the class. American Red Cross classes are designed so that no advance preparation is required. Since the classes do involve physical activity, it is recommended that you wear comfortable attire suitable for the specific type of class.

### **Can I get sick using a manikin?**

CPR training with manikins is a safe and common practice. According to the Centers for Disease Control, there has never been a reported case of infectious disease transmitted through the use of manikins.

The American Red Cross trains nearly 23 million people annually in lifesaving skills and follows widely accepted guidelines for cleaning and decontaminating training manikins to reduce the risk of disease transmission.

To minimize your risk even further, you should practice good personal hygiene (i.e. frequent hand washing) and follow basic health precautions – especially if you have a condition that would increase the risk of exposure for yourself or other participants.

### **What if I have a respiratory ailment or other infection?**

If training cannot be postponed, you can call our office ahead of time (during regular business hours) and request your own manikin. Your manikin will not be used by anyone else until it has been cleaned according to the recommended end-of-class decontamination procedures.

#### **Please request your own manikin if you have:**

- An acute condition, such as a cold, sore throat or cuts and sores on your hands or around your mouth.
- Tested positive for hepatitis B surface antigen (HBsAg), indicating you are currently infected with hepatitis B virus.
- A chronic infection indicated by long-term positive blood tests for HBsAg or a positive blood test for antibodies to HIV, the virus that causes many severe infections including AIDS.
- A condition that makes you unusually likely to get an infection.

### **Anti-Discrimination Policy**

No person will be excluded from service or classes because of race, ethnic origin, religion, handicap, gender or sexual orientation.

### **Scholarships**

Scholarships are available. Please call the Preparedness & Training Department at 610-865-4400, ext. 247 for more information.
